Repairs Timescales

Gas leak

Phone National Gas Emergency Service on 0800 111999. Open all windows and do not use any electrical switch or device indoors, including a mobile phone.

Emergency Repair – within 24 hours

These repairs are those that are potentially dangerous or could cause serious damage to the building:

Serious water leak

No heating or hot water for vulnerable resident during cold weather

– call O'Neill's on 07947 401782 if the office is closed

Property insecure – broken window or door

Collapsed ceiling or similar

Hazard to household or public

Loss of electrical power

NB the contractor will make safe and carry out a basic repair and a full repair will be completed in due course.

Urgent – within 3 days

Minor water leak

No heating or hot water

Failure of communal TV aerial

Routine – within 20 days

All other repairs

For repairs arrangements during the office Christmas closure, please refer to the specific instructions issued beforehand.
